SUMMARY

Data Analyst aspirant currently working as an MIS Executive, with hands-on experience in Python, MySQL, Power BI, and Google Sheets. Completed a Data Analyst internship building dashboards and performing data analysis. Skilled in data cleaning, EDA, and report automation, aiming to transition into a Data Analyst role.

WORK EXPERIENCE

MIS Executive | Trident Engineers | 2026 – Present

- Analyzed data to track delays, vendor performance, and operational efficiency
- Automated data processing tasks using advanced formulas (MAP-LAMBDA, ARRAYFORMULA, XLOOKUP, QUERY, etc.)
- Developed dashboards and reports for management decision-making

Data Analyst Intern, NexGen Analytix | 6 Months | ([Internship Certificate](#))

- Cleaned and transformed datasets containing 10K+ records to improve analysis accuracy
- Built Power BI dashboards tracking KPIs such as revenue, profit, and customer retention
- Assisted in preparing monthly reporting dashboards for business monitoring

PROJECTS

Exploratory Data Analysis – Superstore Sales Dataset

Tools: Python, Pandas, Matplotlib, Seaborn ([Link](#))

- Analyzed 9,000+ sales records to identify profit leakage across categories
- Discovered discounts above 30% reduced profit margins by 18%
- Identified top 5 revenue-generating states contributing 45% of total sales

E-commerce Orders Business Analysis (SQL Project) ([Link](#))

- Wrote complex JOIN and window function queries on 50K+ order records
- Identified top 20% customers contributing 65% of total revenue
- Conducted month-over-month growth analysis revealing seasonal peak in Q4

Blinkit Sales Analysis Dashboard (Excel) ([Link](#))

- Built an interactive Excel dashboard to analyze Blinkit sales performance.
- Used Pivot Tables, Pivot Charts, and Slicers for dynamic filtering.
- Analyzed 8523 items across multiple outlet locations and sizes.
- Created KPIs for Total Sales (\$1.2M), Average Sales, Item Count, and Ratings.
- Visualized trends such as sales by outlet type, outlet size, and item category.

EDUCATION

B.Sc. in Computer Science

S.S.V.P.S College, Dhule | 2025

- CGPA: 7.81

TECHNICAL SKILLS

- Languages:** Python, SQL
- Libraries:** Pandas, NumPy, Matplotlib, Seaborn
- Visualization:** Power BI, Excel
- Database:** MySQL
- Concepts:** EDA, Data Cleaning, KPI Reporting, Data Modeling

CERTIFICATIONS

- Data Analytics & Science – Ethan's Tech, Pune ([Certificate](#))
